Victorious Healing and Growth Through God’s Grace

Companion Study Journal

Alison R. Blackwood
Introduction

This material is a companion study journal to the book Victorious Healing and Growth Through God’s Grace; to be used in a group or individual devotional study to be completed over a period of time.

I always keep in mind that a plate of food is eaten one forkful at a time and that a journey is travelled one step at a time. Though tasks can at times seem insurmountable, adopting a bite-size approach helps to remove the overwhelming feelings.

In the book there is a shift in focus from having a busy life to achieving a meaningful life and seeking constructive ways to live each day and completely embrace God’s way.

If you have started on the journey of healing and growing in Christ, I pray that the information in the pages ahead will encourage you to continue.

If you have yet to start the journey, I pray that the information will encourage you to begin.

The recommended approach to using this study guide is to prayerfully read each chapter of the book Victorious Healing and Growth Through God’s Grace, explore practical application by preparing a summary of the main points, answering the questions and recording your personal notes.

I am happy that you are taking this journey. We are strengthened by the Holy Spirit who walks with us every step. God is seeking to draw us closer to Him.

The amazing thing is that as we continue to seek God, God in His mercy uses us to share with each other what we are learning.

I pray that as you go through this study guide, that the contents will assist you in taking the steps to connect with and reinforce your relationship with God and to experience His transforming power in your life.
